

OCTOBER HALF TERM ACTIVITY CLUB 2014

PROGRAMME OF EVENTS

DATES	ACTIVITIES
TUESDAY 21 OCTOBER	HIGH ROPES *
WEDNESDAY 22 OCTOBER	ARCHERY & SURVIVAL
THURSDAY 23 OCTOBER	MINI ADVENTURE DAY**

All activities are available to children aged 7 – 14.
Descriptions of each activity are listed below.

** There is a minimum height requirement of 1.15m for the High Ropes Activity Day*

*** Waterproofs are advisable, and walking boots or wellingtons are strongly advised.*

All the activities are run by experienced and highly qualified staff, and are designed to promote team work and to build confidence. The children are encouraged to try new activities, whilst making new friends along the way.

High Ropes Course

A great way for children to work together helping each other over this fun and challenging course. The courses you choose will include a mixture of different elements so please check the descriptions before you book.

Children need to be at least 1.15 m tall.

Aerial Trek: Have you got a head for heights? Test your nerve as you walk along ropes and poles 9m above the ground. A great way to challenge your agility and hand/eye co-ordination.

Crate Stack: In your small team try to construct the highest possible crate tower beneath you.

Leap of Faith: One of the most daring challenges of the High Ropes Course! Climb a 9.5m pole, balance on top of a small platform and launch yourself into the air on a trapeze bar! Face your fears whilst your team members cheer you on.

Zip Wire: Enjoy a thrilling ride on a 150m zip wire from the top of an 11.5m tower.

Archery and Survival

Using the superb woodland in Beaumanor Park you can learn basic survival skills, build your own woodland shelter and enjoy the warmth of campfire. This is experienced in combination

with the thrill of archery where you can test your own ‘eye for a target’. We have both indoor and outdoor ranges.

Mini Adventure Day

Explore the locality around Beaumanor. Activities will revolve around a local walk. These may include some rock scrambling, survival, ecology, navigation skills, and others. The session will be away from the base at Beaumanor, so please ensure suitable outdoor clothing is worn.

Time	What's happening?	Notes
