Archery, Canoeing, Bridge Building

High Ropes Course and Aerial Trek

00794

Key Stage 3 and 4 Activities include:

ORIENTEERING/NAVIGATION

We run a very successful orienteering/navigation programme which can be tailored to many levels within KS 3 & 4. As well as conducting score courses and events on-site, we frequently take groups to Bradgate Park and the Outwoods areas to further enhance these skills.

BRIDGE BUILDING

We explore skills - including structural engineering, rope/knot work, teamwork, physical balance and movement - to design, build and test bridges that must span our stream. This activity is excellent for encouraging teamwork and leadership.

LAND BUGGIES

Build your own buggy using barrels and poles and then compare your buggy against those of your fellow participants in a series of challenges. Success depends on team work, planning, design as well as a good sense of humour. Land buggies can be adapted to challenge people of all ages.

NIGHTLINE

A superb, fun exercise for people of all ages; nightline is a sensory deprivation exercise in which students are blindfolded throughout the activity. Participants navigate their way through a series of obstacles as a group, trust, communication, co-operation and mutual support all play a key role in a successful outcome.

HIGH ROPES/CLIMBING/ CANOEING (OFF SITE)/ ARCHERY

These activities provide a more technical and specific skill-based environment where pupils can challenge themselves physically and mentally to overcome fears and achieve self-confidence and self-worth.

BRINGING ACTIVITIES TO YOU

All of the above mentioned activities (excluding High Ropes Course) can be mobile and brought to your location (canoeing/kayaking rely on water access). We have a mobile climbing wall which we can bring to a venue of your choice. We provide all technical equipment and instruction.

The Centre offers an unparalleled range of educational activities, from adventure activities right through to team challenges and outdoor qualifications. It also offers short and long stay overnight accommodation for up to 108 people.

Our activity programmes provide physically and mentally challenging experiences that encourage team-working, leadership and self-motivation.

The aims, objectives and outcomes of the activity programmes are also tailored to link to key concepts of the Key Stage 3 & 4 Physical Education (PE) curriculum, providing a platform to discover and hone competence, performance and creativity.

Beaumanor Hall provides a setting that is inspiring and exciting and our activities take full advantage of our beautiful grounds and natural resources. The activities we offer are targeted at Key Stage 3 & 4 and provide an excellent addition to, or evolution of the current PE curriculum as taught in schools/academies.

SURVIVAL/SHELTER BUILDING

This activity explores the theme of survival and man's basic survival needs including building effective shelters in our woodland to protect against the elements.

TEAM CHALLENGES

This activity uses a number of exciting physical and mental games/puzzles primarily to bring out team-working skills within a group. Secondary skills include problem-solving, leadership, self and peer-evaluation and physical co-ordination.

Beaumanor Hall is a Victorian manor house in the village of Woodhouse (just outside Loughborough) which offers outdoor learning experiences for young adults of all ages.
