This is a day with water as the main focus. We will use different kinds of boats on the water and children will have the opportunity to go canoeing and sometimes kayaking. The venues for the water sports day will be either the Soar River/canal in Quorn and Barrow or Watermead Country Park. As this activity is off site the children will be required to travel in our minibuses. Please bring a change of clothes and shoes as you are very likely to get wet.

- **High Ropes**

A superb way for children to work together and challenge themselves in a safe and fun environment. Our High Ropes Course comprises of a number of different elements. It is unlikely all elements will be covered in one day. Minimum Weight 20kg (3.15 stone) Maximum Weights depend on the elements (see list below) a selection of the most appropriate for the group will be offered depending upon availability:

- **Survival and Bushcraft**

Using the superb woodland in Beaumanor Park and the local area, you will learn basic survival and bush craft skills, build your own woodland shelter, and enjoy the creativity of cooking on an open fire. This may also include a visit to local country parks requiring transport in our minibuses.

- **Outdoor Fun Day**

On this day the children will get to test their problem-solving skills through different activities. They will make new friends while working as a team. The choice of activities will be guided by the children as we have far too many options to put in this information. Children may have tried some activities if they have come with school and others that are saved just for the holiday club. Other activities may include making bridges using wooden poles and ropes, make sure your knots are tight or you might get wet, or our land buggies, making a go kart using barrels, poles and ropes. Other games can include capture the flag, cellars and familiar wide games.

Activities may include pond dipping, scavenger hunts, constructing a bird feeder, woodland themed games, and basic survival skills.

- **Operation Rescue**

Immerse yourself in a world of secret agents… Your task, should you choose to accept, will involve scaling our climbing wall and abseiling down to retrieve secret encoded documents revealing the whereabouts of a missing agent. You will need to show courage, trust, and good problem-solving skills to rescue your comrade before time runs out. Activities may include orienteering and map reading, building a bridge, and elements of climbing/abseiling.

- **Marauding Mayhem**

Stick to the Code and you might just earn some booty. Activities may include elements of Climbing and the High Ropes, Canoeing, and Map Reading.
